

Engine and Drivetrain Warranty

You're covered

When you buy a John Deere engine or drivetrain component, you're buying the ability to get work done. Without downtime, without worries, and without hassles. And you're buying the assurance that if you do need help, a strong support network will be there — ready to step in.

Confidence. That's what John Deere engines, John Deere drivetrain components, and John Deere warranties are all about.

Long durations. The long timeframes of our warranties reflect the John Deere commitment to keep you running.

Worldwide support. Get service when and where you need it. John Deere has 4,000+ service locations worldwide.

Genuine John Deere parts and service. Authorized service outlets will use only new or remanufactured parts or components furnished by John Deere.

Warranty duration

At John Deere, we stand behind the quality and reliability of our products. We also understand that unexpected downtime and repair costs are unacceptable. That's why we offer a 2-Year/2,000-Hour Warranty, with unlimited hours in the first year, on our OEM industrial and marine engines. And a 1-Year/2,000-Hour Warranty on our OEM drivetrain products. This warranty takes effect the date that the engine or drivetrain product is delivered to the first retail purchaser.

Product registration

Be sure to register your engine or drivetrain product and take full advantage of the John Deere service and support network. Register online or utilize the removable postcard provided in this brochure. For more information, visit JohnDeere.com/warranty.

John Deere OEM Off-highway and Marine Engines	John Deere OEM Drivetrain Products (transmission, planetary drive, pump drive, and axle)
– 12 months, unlimited hours of use, or – 24 months and prior to the accumulation of 2,000 hours of use	– 12 months, 2,000 hours, whichever occurs first

Unless otherwise provided in writing, John Deere makes the above warranty to the first retail purchaser and each subsequent purchaser, if subsequent purchase is made prior to expiration of applicable warranty. In the absence of a functional hour meter, hours of use will be determined on the basis of 12 hours of use per calendar day.

Protection you deserve

Warranty coverage

John Deere-warranted parts and components which are defective in materials and/or workmanship will be repaired or replaced, as John Deere elects. Warranty coverage applies if such defect appears within the warranty period as measured from the date of delivery to the first retail purchaser.

Repairs will be made without charge for parts or repair labor. This includes reasonable costs of labor to remove and reinstall OEM parts or components in which the engine or drivetrain component is installed, and, when required, reasonable costs of labor for product removal and reinstallation.

Obtaining warranty service

Warranty service must be requested through an authorized John Deere service outlet before the expiration of the warranty. Evidence of the engine's or drivetrain component's delivery date to the first retail purchaser must be presented when requesting warranty service. Authorized service outlets include:

- John Deere distributor
- John Deere OEM service dealer
- John Deere equipment dealer
- John Deere marine dealer

OEM engine extended warranty

Avoid unexpected repair costs with the protection of a John Deere OEM engine extended warranty plan. Our extended warranty plans protect the engine as well as components and accessories sold by John Deere which bear its name. Contact your John Deere dealer for plan pricing and details. Visit JohnDeere.com/OEMextendedwarranty to view coverage lengths for John Deere industrial and marine OEM engines.

Emissions warranty*

John Deere engine warranties include the emission-related parts and components of your engine. See your authorized service outlet for details.

* Emissions warranty applies to U.S. and Canada only.
